

## **Integrated Justice in Washington State**

### **August 30-September 3, 2004**

---

#### **Activity in the JIN Program Office**

Activities this week largely centered on assembling the final version of the JIN Strategic Plan for 2005-07.

#### **Board Meeting and September Report**

As required by RCW §10.98.240, the Board's report was submitted to Governor Locke, Chief Justice Alexander and the chairs and ranking minority members of the senate and house committees with jurisdiction over criminal justice funding and policy on September 1. Due to time pressures, the versions submitted were prepared and bound in-house, which in no way diminished their presentation value (they look great). More bound copies of the report will be available as soon as we receive them from the printer, and I will deliver copies to Board members and designees at that time. In the meantime, the full Report has been posted on the JIN website at <http://www.jin.wa.gov/publications/strategicplan2005.htm>, although, due to the size of the file (6.6 mb), I have broken it down into more manageable components. If you would like an electronic copy of the full plan, and your mailbox can handle it, let me know, and I will send it over. All 18 Board members signed the transmittal letter (<http://www.jin.wa.gov/publications/coverletter.pdf>), the logistics of which I count as a personal triumph.

I presented the report to Dick Van Wagenen and Garry Austin of OFM on Thursday and I have also begun scheduling meetings with legislators to discuss it and the companion decision package, which was submitted by DIS last month.

#### **Summary Offender Profile (SOP)**

We received the required test data from WSP and AOC, and Templar, the system developer, has begun functional testing. I have scheduled a meeting for next week with LESA to discuss the next pilot deployment, which I am hoping can begin in earnest next month, after the system is validated.

#### **Byrne Grant RFP**

The deadline for vendor questions was last Friday, and our answers are scheduled to be posted at <http://techmall.dis.wa.gov/procurement/procurement.asp?pid=84> some time today. Responses are due next Friday.

#### **RCW Charge Table Update**

I received the draft update of the RCW charge table (to include 2004 changes). Julia Appel of the AOC is helping me to review the work, and I will post the updated version as soon as it is validated.
